Research Interests and Competences

Population Health; Global Health; Gender-Based Violence; Multilevel Modelling; Applied Bayesian Modelling; Agent-Based Modelling; Social Science Theory

Education

Ph.D. in Sociology, 2019, expected

University of Glasgow, Glasgow, United Kingdom

Thesis: *Structural Violence and (In)equities in Maternal Healthcare in Sub-Saharan Africa: A Bayesian Multi-level Analysis*

Master of Research (MRes) Sociology and Research Methods, 2013

University of Glasgow, Glasgow, United Kingdom

Thesis: *An Analysis of factors associated with sexual violence against women in Zambia.*

Bachelor of Arts (BA) Sociology with Psychology, 2007

University of Zambia, Lusaka, Zambia

Research report: *A micro-level analysis of heterosexual rape in Zambia: the case of Lusaka District.*

Related Professional Training/Qualifications

Multilevel Modelling and Missing data with MLwiN and Stat JR, Centre for Multilevel Modelling, University of Bristol, January, 2019.

Introduction to Agent-Based Modelling, Santa Fe Institute [Certificate], 2018

Agent-Based Modelling for Social Sciences Summer School, Brescia, Italy, 2018

Application of Big Data in the Social Sciences, National Centre for Research Methods, University of Cardiff, 2018

Multilevel modelling, ICPSR Summer Program - Glasgow, 2017

Introduction to scientific computing with Python, Urban Big Centre, 2017

Applied Bayesian Modelling, ICPSR Summer Program, University of Michigan, United States, 2017

Applied Multilevel Modelling, ICPSR, Summer Program, University of Michigan, United States, 2017

Combining Data from Multiple Administrative and Survey Sources for Statistical Purposes, University of Southampton, 2017

Introduction to Python Programming, University of Glasgow, 2017 **Quantitative data analysis using the Demographic and Health Survey (DHS) data**, Kampala, Uganda, March, 2015.

Teaching

Graduate Teaching Assistant (GTA), University of Glasgow, School of Social and Political Sciences, 2018/19.

I am currently teaching in the following courses:

- Research Design (Postgraduate)
- Quantitative Research Methods in Social Sciences (Honours)
- Quantitative Methods I and II (Undergraduate)
- Computing with R (Undergraduate)

Graduate Teaching Assistant (GTA), University of Glasgow, School of Social and Political Sciences, 2017/18.

I participated in teaching the following courses:

- Research Design (Postgraduate)
- Quantitative Data Analysis (Postgraduate)
- Quantitative Research Methods in Social Sciences (Honours)
- Quantitative Methods I and II (Undergraduate)
- Computing with R (Undergraduate and Postgraduate)

Lecturer in Sociology and Social Science Statistics, University of Zambia, Department of Social Work and Sociology, September 2013 to September 2016

Part-time Lecturer in Medical Sociology, Cavendish University Zambia, School of Medicine, August 2015 to August 2016
